

CHARCOAL MOULDING

Nexus

Charcoal Wall mouldings by Beautiful Homes can be used to add contrast and depth to a wall or to frame doors, ceilings, or other architectural features, creating a visually appealing outline. Our collection offers 9 profiles and designs, and they are available in 4 different finish options. They prefinished and have the option to be painted to match the wall or in contrasting colours to create a striking effect.

APNEXUSMD299

Paintable interior wall mouldings introduce a captivating fusion of architectural elegance and personalized expression to your living spaces. These remarkable mouldings are more than mere accents; they bridge classical craftsmanship with contemporary style, adding a unique touch to your decor.

WALL MOULDING

Nexus

Length : 2400mm

Width : Varies on design

Thickness: Varies on design

Area per panel : NA

Material:
Polysterene + Charcoal

Application:
Interior Walls & Ceiling

Warranty:
5 years

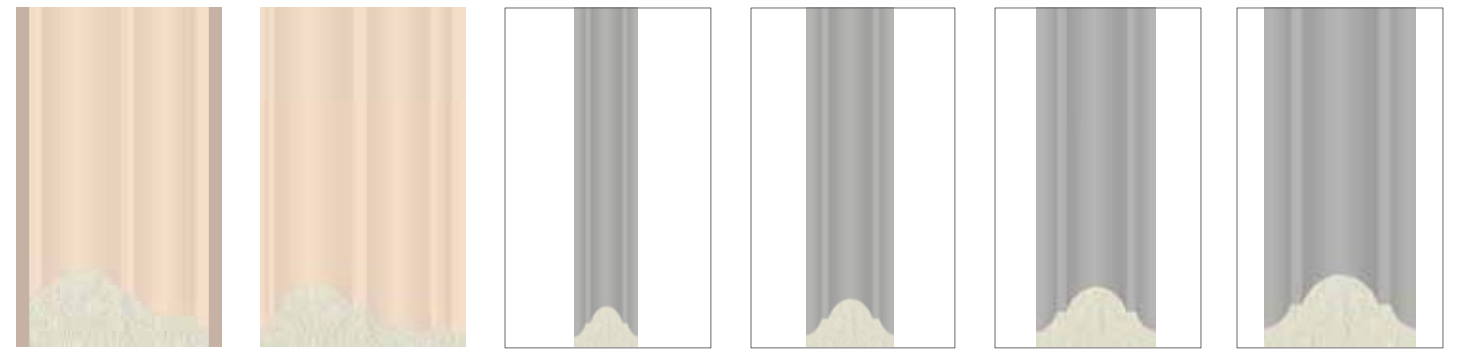

Minimum Order Quantity:
30 pieces

Installation:

For installation of moldings and trims, it is essential to mark and build a temporary fixture on the wall for moldings to rest on. Subsequently, moldings or trims can be pasted on the designated layout using the recommended adhesives and temporary fixtures can be withdrawn after eventual curing of the adhesive. Please refer to the detailed installation guidelines for advice on Wall Panel fixing procedure.
