# WHY MOTIONBLINDS ?

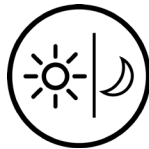

We navigate the world around us through a range of smart devices designed to make our daily lives easier

**Motionblinds do more than just open and close**

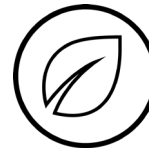

**SAFETY**

**CONVENIENCE**

**ENERGY  
EFFICIENCY**

**PEACE OF MIND**

## SAFETY

No need for a control chain or cord,  
motorised blinds are child safe by design

## CONVENIENCE

Smart window coverings move to the  
rhythm of your daily life

## ENERGY EFFICIENCY

Automatically open & close at sunrise & sunset allowing your home to naturally heat up in the day and create thermal benefits at night

## PEACE OF MIND

Staying out later than expected? Control from anywhere keeping your home secure and private

## REMOTE CONTROL

Control your blinds and curtains with the touch of a button on a 1, 5 or 15 channel remote

## CHAIN PULL

One pull on the blind chain or curtain and walk away. The blind will raise or lower to its end limit

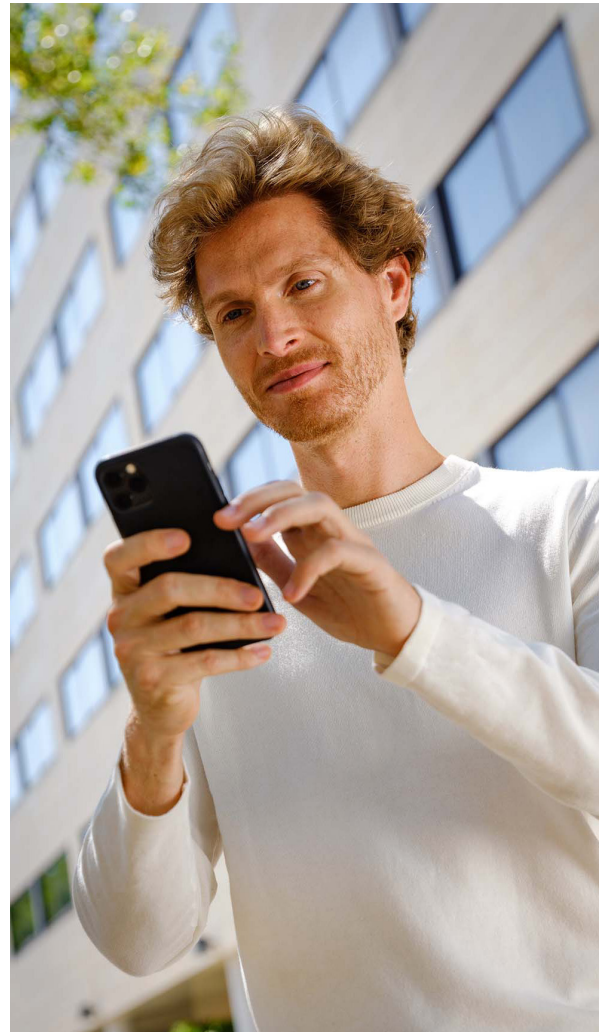

## CONTROL WITH WI-FI & BLUETOOTH

Control from anywhere in the world

Connect to smart speakers

Link blinds and curtains to create rooms

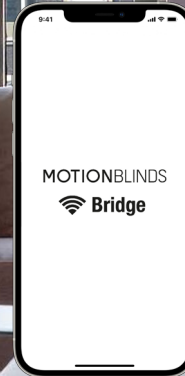

Works with your smart home scenarios

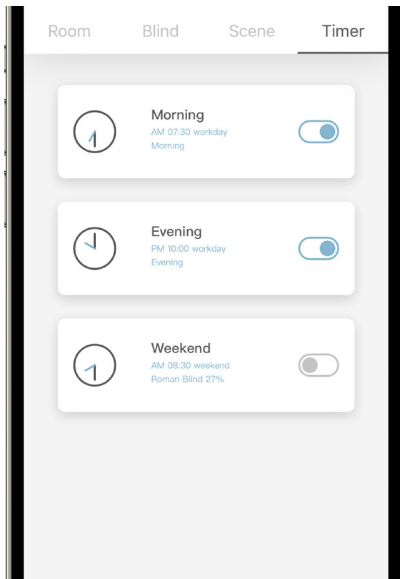

*"Hey Google, Good Morning"*

*"Alexa, Open the Blinds and Curtains"*

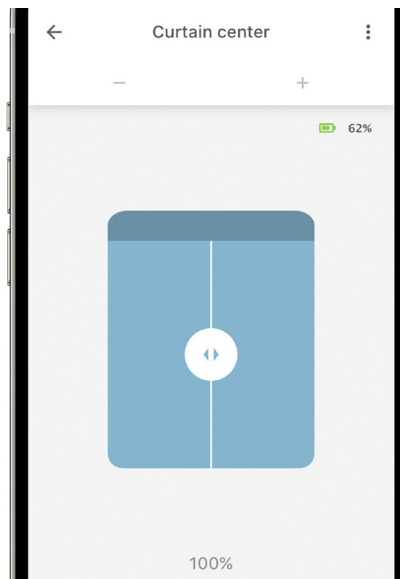

## TIMERS

Program timers to make your window covering open and close at preset times

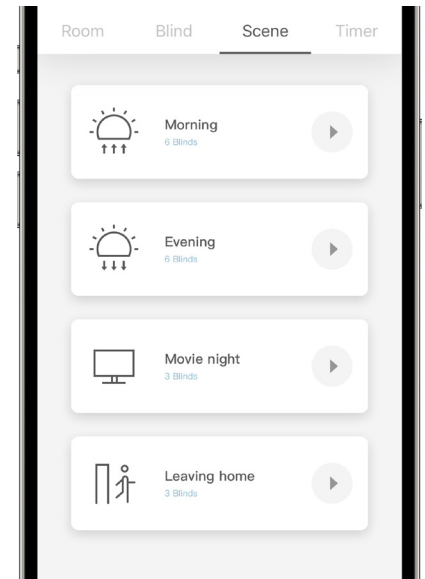

## PRECISE

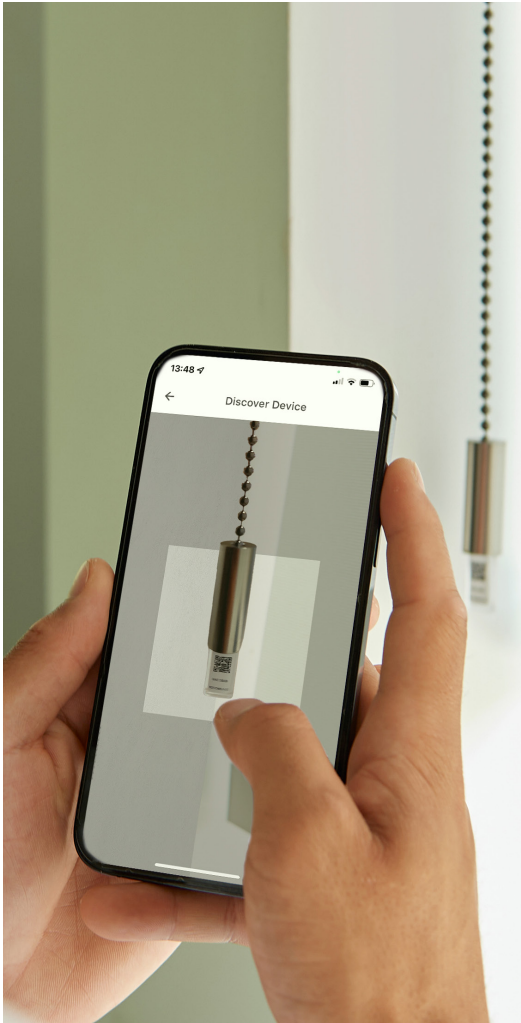

Real time exact positioning.  
Quick swipe to fully open, close or set to favourites position

## SCENES

With a voice command or button press, create a seamless home automation experience

## SCAN, CONNECT, CONTROL

Reveal the hidden QR code in your blinds chain pull

Scan the code in MOTION blinds app

Control through your smart phone in under 30 seconds

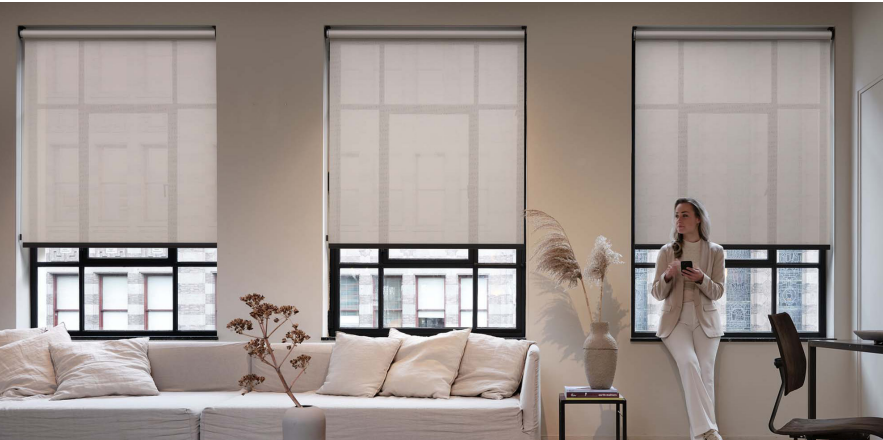

## CABLE-FREE AND RECHARGEABLE

No cables or wiring for easy installation

Integrated battery recharged with standard USB-C cable

With average use, charging only needs to be done once or twice a year

## HARDWIRED

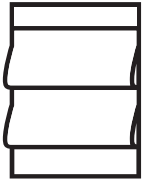

Don't want to worry about charging?

The MOTION blinds and curtains range can be hardwired into your mains power

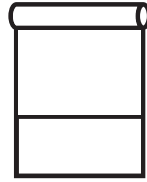

Integrated with smart home systems

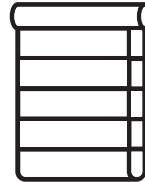

## WIRELESS & WIRED
